

Fairy Book

This soft, crazy-quilted book is perfect for a child, or your own inner child!

The fairies are optional, you may use any fabric images.

STEP 1. If you want four double pages, crazy quilt 8, 6 ½ squares.

STEP 2: This is the perfect time to have fun with your sewing machines decorative stitches. Embellish some of the seams with ribbons, fibers, cording, etc.

STEP 3: You can use one of my pre-printed sheets of fabric images or you can print your own. Before you cut out around the images, iron a fusible on the back. Now cut around each image, don't leave a border.

STEP 4: **PLEASE NOTE:** You will be losing space when you sew the binding. Lay out the squares like they will be in the book. It's helpful if you temporarily turn under the edge that will be under the binding, that way you can see exactly where to place your image. You can see I didn't do this. Please learn from my mistake. It's not too bad, but the images are a little close to the middle of the book.

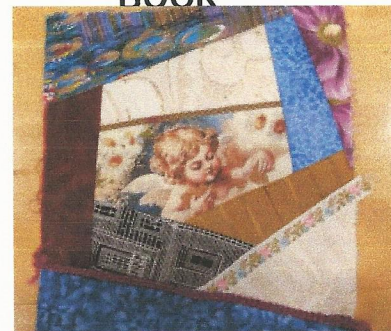

STEP 5: Fuse image on top of crazy-quilted squares. Finish edge of image w/ribbons, trims, etc.

STEP 6: Use a small seam, sew pages, right sides together, leaving binding side open. Trim, turn & iron.

STEP 7: Put pages in order and sew them together at the binding just to hold them together while you add the binding.

STEP 8: Wrap a 1 ½" ribbon over the raw edges of the binding, folding in the ends to finish it off!
